<b>Submitter's Phone #:</b>	504-333-1111
<b>Test Script ID:</b>	ALL_F300_N_ESS_View_Pers_Action

Test Data Information	
<b>User ID:</b>	AA12345
<b>Function:</b>	ESS View
<b>Menu Navigation:</b>	Employee Self Service > View > Personnel Actions
<b>Empl ID:</b>	N/A

### Detailed Description of the Incident

In UAT Environment navigate to Employee Self Service > View > Personnel Actions  
Click the Get Details button for one of the actions. A view details link will appear. Upon clicking the link the system displays the Error 404 message.

### Attach Screen Shots Below

#### **Error 404--Not Found**

**From RFC 2068 *Hypertext Transfer Protocol -- HTTP/1.1*:**

##### **10.4.5 404 Not Found**

The server has not found anything matching the Request-URI. No indication is given of whether the condition is temporary or permanent.

If the server does not wish to make this information available to the client, the status code 403 (Forbidden) can be used instead. The 410 (Gone) status code SHOULD be used if the server knows, through some internally configurable mechanism, that an old resource is permanently unavailable and has no forwarding address.
